

2-104 Board Priorities

The Board is accountable for achieving results that enhance the development, impact, and operation of FTF. Its priorities are compatible with and accountable to FTF's vision, mission and values and to the FTF Strategic Plan. Some priorities are specifically listed in those documents; others are required in statute; and others the Board chooses for itself.

Priorities are transformational results that achieved over time help the organization accomplish its broad mission and vision. The Board's priorities include governance and system development topics.
