

OUR COMMUNITY. YOUR LEADERSHIP. THEIR FUTURE.

90% of a child's brain develops before age 5. A child's early years lay the foundation for their future success in school. You can ensure more kids are ready for kindergarten by volunteering to serve on a First Things First regional council.

In this critical role, you and other council members will make high-level decisions about funding local strategies to strengthen families and improve the health and early learning of young children.

Every child should start kindergarten ready to succeed. You can make a difference. Help build a child's foundation for a bright future.

Be a voice for kids in your community.
